Applicants hereby submit corrected drawings as requested in the Notice Regarding Drawings mailed December 29, 2005. Applicants submit that the corrected drawings should address objections to the character of the lines, numbers, and letters; shading; numbers letters, and reference characters; and figure label placement. Except for changing reference number "140" to "1610" in FIGURE 5B to correct an inadvertent error and to be consistent with numbering of identical elements in FIGURES 1A and 8A, no substantive changes have been made to the drawings. The corrected drawings present no new matter.

Respectfully Submitted,
